HALLOWELL, MAINE, THURSDAY, FEBRUARY 19, 1846.

SIONARY SOCIETY.

BER WILLIAM:—I am glid you pubat letter of Dr. Fond shout the Auserdra and Saivery. It is exidenly its to this—it
that can be put upon the case, and I
willing to submit it is a swhole to fure and it
sense of your readers for a verifict.

te, however, two jumpraphs that I shail at
land 1, and 1,

titution, 'to send the true gos-

athen lands;" the Union Missionary Socity, its constitution, "to send the true goty, its constitution," to send the true goty the constitution, "to send the true goty the constitution," to send the true goty the constitution of the properties of the prop

way, let me ask a question or two—not on Wednesday and Thursday, 11, 12, at Madison, no by-law or any constitutional provision reoutpiting either a sound finith or a correct life is as one of its conditions. The whole thing is a cone of its conditions. The whole thing is a cone of its conditions. The whole thing is a cone of its conditions. The whole thing is entirely in their discretion. If they choose they can elect Theodore Parker, so far as penultures for some time, against advice on the great and adulterers, so far as concerns metters of faith are concerned, and slaveholiera and adulterers, so far as concerns metters of the life, and when once done, there is no constitutional or by-law power whatever by which to get rid of such members. Nay, a majority of the Board amy become Unitarian and the permanent funds of the Board, and of all the permanent funds of the Board, and of all the permanent funds of the Board, and of all the permanent funds of the Board, and of all the distance of the constitutions of the permanent funds of the Board, and of all the distance of the constitutions of the second of the permanent funds of the Board, and of all the permanent funds of the Board, and of all the three is no power and included the whole according to their views, and there is no power and included the whole according to the factor of the Board and the various mission and the permanent funds of the Board, and of all the various mission in the permanent funds of the Board, and of all the three t

Board to prevent it. It there be, I shall be much obliged to Dr. Pond to produce it. If there be not, let Dr. Pond sny, whether in the character of the men concerned, however ex-cellent it may be, we have any greater secuture and the bistory of Hurvard too well for

THE STANDARD.

do this great thing?" From the complete special deponits that the Union Missionary Society does or my cumbrace men of all evangelical denonisations, and so is not a denoninational actory, let us see whether the Board is not equally so. I remark then, that there is nothing in the characteristic special content of the seed of the Board naking it denonination is in the problem of the same properties of the Board naking it denonination in the primitive special content of the same properties of the Board naking it denonination of the Board naking in the board naking it denonination is concerned, it can not for any evangled the denonination of the Board naking in the proposed naking in the board naking in the board

The Manne Liberty Association was taken or land, by his own countrymen or units consideration, a committee chosen to vise interest town in the Country, and FIFTY-SEVEN by the country of the country appeal to EVEN become members, paying their dollar, on the spot. Some made their whole lied not? when he testified to the an families members, and one man having a "ripy afforded him by this retreat, child only a fow weeks old, thus early consecrated it to this great work. Truly, if this little austeins our anti-slavery friend convenient, and the country in the through the procession of their sows, and in the face of winds blowing from counter, in the prosecution of their sows, and in the face of winds blowing from lar, on the spot. Some made their whole families members, and one man having a child only a flow weeks old, thus early consecrated it to this great work. Truly, if this Convention, held in the midst of wintry snows, and in the face of winds blowing from the very tops of the White Mounteins, is an indication of the spirit that exists in the North, the sleve power will soon be shinken, to its centre. The more we go out among the people, the more confidence we have in the people, the more confidence we have in the people, the more confidence we have in the project will soon be united with us. Let an agent visit every town in our State, and carry man who will receive it, and this very year the organizations of the old parties will be scattered to fragments. What friend of the slave will not contribute to such a work? The indications of a revised of the more leave the work? The indications of a revised of the save will not contribute to such a work? The indications of a revised of the manufacture, one in the work of the save will not contribute to such a work? The indications of a revised of the save recome the signs.

Lincoln Cousty.

The notice for the annual meeting of the Lincoln Anti-Slavery Society was not received in season for insertion last week.—

See notice in another column.

We are looking for a great and good meeting at Edgecomb on the 3d and 4th of March next.

CHARLES T. TORREY.

CHARLES T. TORREY.

A note under date of February 4th, from
Mr. Torrey's counsel to the Weshington correspondent of the Albamy Patriot, states, that
his health has suddenly changed for the
worse. He seems to be sinking, and unless
relieved from confinement soon, be must perish. Every thing is doing that can be done
to huston his release, which is groutly feared
will come to late too save him.

to huston his release, which is greatly feared will come to late too save him.

Let all "Auserican citizens," who did not vote for James K. Polk or Henry Clay in 1844, remember poor Torrey in their prayers, except those who for want of moral courage to vote as their conscience and reason dictated stayed, away from the polls, unless they have repented and are ready to "bring forth work meet for repentance,"
